features & benefits

- Protects children: patented shutter system helps prevent improper insertion of foreign objects.
- Configuration easily supports two plugs and offers the capacity of a standard 20A outlet.
- GFCIs protect you from serious injury due to electric shock. They are required by National Electrical Code in kitchens, bathrooms, and outdoor locations.
- Fits in your existing electrical box so no new wires are needed. Innovative assembly and snap-in system make it fast and simple to install or change any outlet.
- Shown in a classic white finish. Also available in magnesium.
- Easily customized with adorne wall plates available in a brilliant palette of 32 colors and a variety of luxurious materials.
- Complete your total designer look with options like a stunning adorne Accent Nightlight accessory.
- Your remodel looks like a million bucks. It deserves better than an ordinary light switch. Add that last finishing touch with adorne, a stunning, one-of-a-kind collection of switches, dimmers, and wall plates that will transform your walls from boring to absolutely breathtaking. It's time for a beautiful switch.
