

Pop-Out™ Outlet, 2-Gang

ARPTR152GW2

The adorne Pop-Out Outlet lets you hide an outlet when not in use. Simply push on the outlet and it disappears into the wall.

2-gang version includes one outlet with capacity for three plugs, as well as a 2-gang frame to allow pairing with another adorne switch, dimmer, or outlet.

Wall plate not included.

Please note this product is a kit that includes one Pop-Out Outlet and the frame needed to install an additional device beside it. You will still need to purchase that additional device. If you are looking to only install one Pop-Out Outlet, please go [here](#).

features & benefits

- Protects children: patented shutter system helps prevent improper insertion of foreign objects.
- When you're ready to plug something in, just push on the box and the outlets will "pop out," enabling easy access to power.
- 2-gang version includes one outlet with capacity for three plugs, as well as a 2-gang frame to allow pairing with another adorne switch, dimmer, or outlet.
- Easy "1-for-1" installation lets you simply replace your existing outlet with adorne in just minutes.
- Requires a minimum box size of 45 cubic inches.
- Does not require new wires for typical installation. Innovative assembly and snap-in system make it fast and simple to install.
- Shown in a classic white finish. Also available in magnesium.
- Easily customized with adorne wall plates available in a brilliant palette of 32 colors and a variety of luxurious materials.
- Your remodel looks like a million bucks. It deserves better than an ordinary light switch. Add that last finishing touch with adorne, a stunning, one-of-a-kind collection of switches, dimmers, and wall plates that will transform your walls from boring to absolutely breathtaking. It's time for a beautiful switch.
- Intended for indoor wall mount use only.
