BOLA DISC TABLE
MARBLE

DESCRIPTION
Bola Disc Table's iconic silhouette is defined by its elegant chromed stainless steel disc shade positioned at 45 degrees while elevated by an opaline glass globe diffusor that appears to float over its marble cylinder base. The shade can be rotated 360 degrees to provide multiple lighting possibilities allowing its friendly asymmetric design to cast both direct and indirect light where you need it most. This distinctly iconic design is perfectly suited for desks, bedside stands, and reading nooks. Bola Disc Table also features full-range dimming via a discreet push button switch and is available in a variety of exquisite base and shade combinations in marble and polished stainless steel.

FIXTURE TYPE
Table

LIGHT SOURCE
LED High-Output chip on board
