Hide-a-Lite LED Tape

Progress Lighting offers a wide variety of accessories from the LED Tape Light Undercabinet System for customized layouts. The three-way Y connector cords join multiple sections of LED tape and has the capability to split one run of tape into two, offering ultimate flexibility in design for undercabinet systems. The connector cord features piercing conductors for secure connection. It provides a snap-fit cover for intuitive installation. These work with the P700008/P700009/P700010 tape light.

- Connectors feature piercing conductors for a secure connection
- The Y-shaped design offers the capability to split one run of tape into two, offering the ultimate flexibility in design for undercabinet systems
- Joins multiple sections of LED tape
- Connector comes with a snap-fit cover for intuitive installation
