CAT AND STUDY OF A CAT FRAMED PRINTS, S/2

ITEM #R45118

Created in the earliest days of the 20th century, by artist Gwendolen John, her depiction of "Cat" and "Study of a Cat" charm as much today as when they were first introduced. Each piece is box-framed in a heavily brushed oak, chocolate ceruse finish. A chamfered edge, linen-wrapped liner provides further dimension. Printed on paper with special matte finish.
